RE: Temporary Rate Increase Effective September 1, 2020

Dear Valued Customer,

In the afternoon of August 28, 2020, Young Brothers received final Commission approval (Order No. 37290) of our revised Local Tariff No. 5-A reflecting our new temporary rates and reinstated pre-COVID sailing schedule effective September 1, 2020. Pursuant to Order No. 37290, Young Brothers will place into effect a temporary "across-the-board" increase of approximately 46 percent to be applied to all freight rates and freight-related rules on all cargo sailing starting September 1, 2020.

The revised Local Tariff No. 5-A is available on our website at youngbrothershawaii.com/tariff-5a/. Our website has also been updated with the revised Cargo Acceptance and Availability Information consistent with our reinstated pre-COVID sailing schedule effective September 1, 2020. Please contact our customer service teams at your local port if you have any questions on these changes.

It is an honor for us to serve as the State's only regulated interisland water carrier to support interisland commerce and serve as a lifeline during natural disasters and severe weather events. Young Brothers is committed to transporting all types of cargo, from containers to cars to canoes, to all islands, all the time.

Thank you for your continued patronage.

Sincerely,
Young Brothers, LLC
