RE: QUARTERLY FUEL PRICE ADJUSTMENT

Dear Valued Customer:

Effective November 4, 2016, Young Brothers will adjust its Fuel Price Adjustment percentage from our current rate of 0.56 percent to an amount within an estimated range of 0.50 to 1 percent. The actual percentage has not yet been determined as the amount of the Fuel Price Adjustment is based upon costs and revenues for the three-month period that ends October 31, 2016. The Fuel Price Adjustment charge is reflected as a separate line item on your invoice.

Young Brothers will continue to monitor its fuel costs. As provided in our tariff, the Fuel Price Adjustment percentage is reviewed and may be adjusted every three months, provided that the average price of fuel in the preceding quarter exceeds 15 cents (plus or minus) of the base fuel price of \$1.80 reflected in our freight rates.

Sincerely,
