

## POWER OUTAGE PORT OF HONOLULU

January 7, 2026

Dear Valued Customer,

Young Brothers is experiencing a power outage in certain parts of the Port of Honolulu that is causing disruption to our network. Customers will experience a delay in email and telephone response. Our service provider, Hawaiian Electric is currently working on a resolution.

The port will operate under normal gate hours. There are no changes to the acceptance or pick-up of cargo. We ask for your patience, as there may be delays while checking in cargo as we work to restore power.

For the most up-to-date information on sailing schedule changes and cargo availability, visit our website at [www.youngbrothershawaii.com](http://www.youngbrothershawaii.com) and sign up for customer notices at [www.youngbrothershawaii.com/email-updates/](http://www.youngbrothershawaii.com/email-updates/) or follow us on social media @youngbrothershawaii/@youngbrothershi.

Mahalo for your patience and understanding.

Sincerely,  
Young Brothers, LLC

A stylized map of the world showing shipping routes. Yellow dots represent ports of call, and dotted lines represent the routes connecting them. The map includes the Pacific, Indian, and Atlantic Oceans, with routes originating from various global locations and converging on the Pacific Ocean.
