

HURRICANE FAUSTO UPDATE No. 2

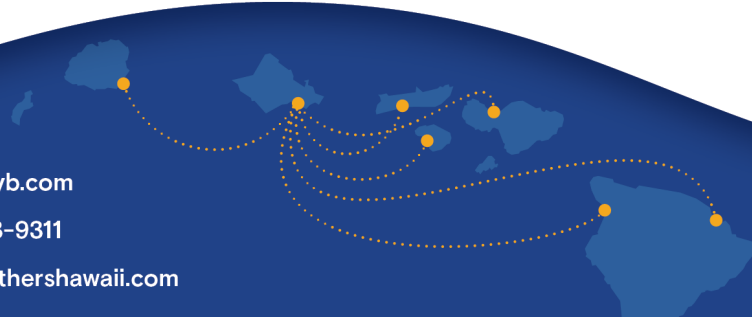

July 27, 2026

Dear Valued Customer,

Hurricane Fausto continues to take a more northerly track away from the Hawaiian Islands, as such, we anticipate **no changes** to all regularly scheduled sailings for the remainder of the week. However, Young Brothers anticipates that there may be increased harbor surge that may potentially delay or impede the Company's ability to **safely** berth, ramp, or discharge the barge. The safety of our employees, our assets, and your cargo continue to be our priority, and we ask for your patience as we work safely to deliver cargo.
