

PUBLIC SAFETY POWER SHUTOFF AT THE PORTS OF KAHULUI & KAUNAKAKAI

November 15, 2024

Dear Valued Customer,

The National Weather Service (NWS) has issued a fire weather watch due to forecasted conditions which may lead to an increased risk of wildfires. We have been informed by Hawaiian Electric they are monitoring weather conditions across the state and **MAY** implement the Public Safety Power Shutoff (PSPS) program to proactively shut off power in high exposure communities.

Due to this, the power at the Ports of Kahului and Kaunakakai might be interrupted at any time through 6pm today, Friday, November 15, 2024. This may disrupt phone and internet access at the port, causing delays in email and telephone response.

The port will operate under normal gate hours. There are **NO** changes to the acceptance or pick-up of cargo.

For the most up-to-date information on sailing schedule changes and cargo availability, visit our website at www.youngbrothershawaii.com and sign up for customer notices at www.youngbrothershawaii.com/email-updates/ or follow us on social media @youngbrothershawaii/@youngbrothershi.

Mahalo for your patience and understanding.

Sincerely,
Young Brothers, LLC
