RE: Update on Temporary Rate Increase (Anticipated to be Effective September 1, 2020)

Dear Valued Customer,

We are writing to provide you with an update on the Public Utilities Commission's ("PUC") August 17, 2020 Order approving an "across-the-board" rate temporary rate increase of approximately 46% for Young Brothers. On August 24, 2020, we submitted our proposed final revised tariff sheets to Local Tariff No. 5-A (which includes new temporary rates for various shipping commodities, the sailing schedule for all ports, and rules applicable to all shipments) and are awaiting final PUC approval of these revised tariff sheets with an effective date of September 1, 2020.

For planning purposes and for ease in review, enclosed is an example of freight rates for common cargo types reflecting some of the new temporary rates that we anticipate will be effective as of September 1, 2020.<sup>1</sup> Also enclosed is updated Cargo Acceptance and Availability Information consistent with our reinstated pre-COVID sailing schedule and port hours of operation effective September 1, 2020. Our customer service team is available should you have any questions on these changes, and we will provide further updates shortly on the status of PUC approval of our new temporary rates.

We understand that this is a difficult time for many businesses, including for Young Brothers and many of our customers. The temporary rate increase will assist us in continuing to provide safe and reliable services, and it will also enable our company to more closely keep pace with increasing costs and allows us greater financial stability in the face of declining cargo volumes as we all navigate through these difficult times.

We take seriously our responsibility to serve as *Your Neighbor Island Partner* and look forward to continuing our 120-year legacy of connecting our island communities. If you have any questions, please feel free to call your local port.

Thank you for your continued patronage.

Sincerely,  
Young Brothers, LLC

<sup>1</sup> The updated and draft Local Tariff No. 5-A incorporating rates effective September 1, 2020, is available on our website. We will remove the watermark reflecting "Effective September 1, 2020 Pending PUC approval" subsequent to obtaining PUC approval.
