

Wharfage & Facility Security Fees Effective July 1, 2023

Friday, May 19, 2023

Dear Valued Customer,

The State of Hawai'i (State) Department of Transportation – Harbors Division (DOT-H) collects wharfage fees and facility security (FSC) fees from users of the State's commercial harbors to finance the expansion of and improvements to its infrastructure. As a harbor facility operator, Young Brothers, LLC (YB) is required to collect wharfage and FSC fees from users (including YB customers) on behalf of DOT-H, with the amount of the fee based on the type and volume of cargo shipped.

Effective July 1, 2023, DOT-H will increase wharfage and FSC fees by 5.2 percent with the applicable fee amount based on the type and volume of cargo shipped. A complete listing of the new DOT-H wharfage fees can be viewed at the agency's website <http://hidot.hawaii.gov/harbors/library/admin-rules/> once it has been updated.

Wharfage and FSC rates will be updated accordingly on Young Brothers' Customer Portal and will be immediately available in the "Quotes" section on July 1, 2023. If you do not have access to Young Brothers' Customer Portal and would like access, please visit our website <https://youngbrothershawaii.com/customerportal/> to learn more. Simplify your shipping today.

If you have any questions, please contact your local customer service representative.

Sincerely,
Young Brothers, LLC
