

Wharfage & Facility Security Fees **Effective July 1, 2022**

Friday, June 10, 2022

Dear Valued Customer,

The State of Hawai'i ("State") Department of Transportation – Harbors Division ("DOT-H") collects wharfage fees and facility security ("FSC") fees from users of the State's commercial harbors to finance expansion of and improvements to its infrastructure. As a harbor facility operator, Young Brothers, LLC ("YB") is required to collect wharfage and FSC fees from users (including YB customers) on behalf of DOT-H, with the fees amount based on the type and volume of cargo shipped.

Effective July 1, 2022, DOT-H will increase wharfage and FSC fees by six percent (6%) with the applicable fee amount based on the type and volume of cargo shipped. A complete listing of the new DOT-H wharfage fees can be viewed at the agency's website <http://hidot.hawaii.gov/harbors/library/admin-rules/> once it has been updated.

If you have any questions, please contact your local customer service representative.

Sincerely,
Young Brothers, LLC
