RE: Young Brothers' COVID-19 Update 14: Face Mask Requirement

Dear Valued Customer,

On Tuesday, May 25, 2021, Hawaii lifted the outdoor mask mandate regardless of an individual's vaccination status. To ensure the health and safety of all our customers, vendors, and employees, Young Brothers will continue to require face masks or coverings while conducting business at a Young Brothers facility or terminal.

We will continue to monitor COVID-19 guidance from federal, state, and local authorities to prevent the spread of illness in our community in order to maintain the critical service we provide. Your support in compliance with these and other directions from Young Brothers' employees is appreciated.

For more information and regular updates regarding Young Brothers' operations and COVID-19, please visit www.youngbrothershawaii.com/covid-19/. If you have any questions, please contact your Young Brothers' customer service representative.

Thank you for continuing to ship with Young Brothers.

Sincerely,
Young Brothers, LLC
